## Decoration Day Service at Butte Draws Good Crowd

Overcast skies on Sunday afternoon, September 12, failed to deter a good gathering of town and country residents from turning out to participate in the Canadian Legion Decoration Day service at the Butte. An estimated 250 people were on hand to honor the dead of the past two wars and the excellent service was appreciated by all who attended.

The service opened with the singing of O Canada, followed by a prayer and the memorial to the fallen, led by the Legion Padre, Rev. J.W. Bainbridge, M.M.

Responsive prayer was read and the Two Minutes' Silence was followed by another prayer.

Last Post and Reveille were sounded by a trouper from Calgary Tank Regiment and the main address was given by Rev. Bainbridge.

Wreaths were placed at the foot of the Memorial by the various organizations present and by a number of individual town and country residents. Singing of a hymn, the Benediction by the Padre and God Save the King brought the service to an appropriate close.

## New Plebiscite on Town Waterworks Scheduled This Fall

At the Town Council meeting held on September 7 a communication from Halden & Kille advised that a revision was being made of the estimates for water and sewerage and provision is being made for the installation of a pump west of the E. Kercher residence so that the sewerage pipe can be laid above the quicksand on main street.

The Council expects to hold a new plebiscite on the water and sewerage question this fall.

One old age pension application was approved by Council, and the sale of several building lots was approved. Two of these lots will be for the Roman Catholic church, which is being moved east of the A.G. Studer residence.

## Wheat Pool Crop Report

A week of favorable weather has hastened ripening of crops and has enabled farmers to make good progress with harvesting operations. The Alberta Wheat Pool crop report for the week ending September 10 shows that 50 per cent of the wheat and 42 per cent of the coarse grains had been cut, and 17 per cent of the wheat and 13 per cent of the coarse grain had been threshed. These percentages are practically the same as last year at this time.

Cutting is well advanced along the eastern and central portions of the province, but in the districts west of the north-south C.P.R. line cutting is just starting. In the Peace River district over 50 per cent of the wheat has been cut, but showers during the past week have caused some delay.

Light, spotty frosts occurred during the week along the western side of the province extending north from a point just south of Calgary. Some of the late crops may show slight damage. Most of the wheat which is now being threshed in the southern and central parts of Alberta is of good quality, but frost damage is showing up in samples from northern districts.

## MRS. BERT PROSS HOSTESS TO KNOX AFTERNOON GROUP

The Afternoon Group of Knox United Church W.A. met at the home of Mrs. Bert Pross on Friday afternoon, Sept. 10, with a record attendance of members and visitors. Rev. Bainbridge took charge of the devotional.

55 were sent to the Institute for Blind.

A bee to clean up the church kitchen and wash and check the dishes will be held in conjunction with the Junior W.A. on Wednesday afternoon, Sept. 15th.

The answer to the roll call for the October meeting, to be held at the home of Mrs. Nichols, will be an article of fancy work for the bazaar.

## Second One-Day Golf Tournament Slated for Sunday

The second one-day golf tournament of the season will be held at the Didsbury course on Sunday, September 19, with the prize for the event being donated by Bill McFarquhar of Mac's Hardware Store.

The prize will go to golfer turning in the lowest net score over 18 holes, and members are again requested to make up their own foursomes and turn in their score cards to Bert Prevost or Art Reiber.

Second prize winners in the previous one-day tournament have been announced, with Cameron Wordie winning second for low gross and Bill McFarquhar second for low net. Johnny Holub now holds the trophy for the lowest net score turned in during this tournament.

First prize in the recent match

## Miss Kathleen Williamson Becomes Bride of Dalton Deadrick at Edmonton

In an autumn setting in St. Stephen's College Chapel Wednesday afternoon, Sept. 8, at 2:30 Kathleen Velours, daughter of Mr. Gordon Williamson of Edmonton, became the bride of Mr. Dalton C. Deadrick, son of Mr. and Mrs. Arden Deadrick of Didsbury.

Bouquets of bronze and gold-tone chrysanthemums banked the altar and smaller bouquets of yellow cornflowers and gold tulle ribbon marked off the guest pews.

Rev. Edgar Roberts performed the ceremony in which the bride was given in marriage by her father.

Her gown was a period model of traditional white satin. A panel of French lace extended down the front from the net yoke to the hemline and the lily point sleeves were edged with matching lace. The skirt was full with a panier drape at the hipline, and a slight train in the back. Her veil of French illusion misted from a bandeau of seed pearls, and her jewelry was a single strand of pearls. She carried a white bible topped with an orchid and Stephanotis on white satin ribbons.

The bride's only attendant was her sister, Miss Marjorie Williamson, who wore an aquamarine taffeta gown, styled similarly to the bride's, with short sleeves and white lace mittens. A tiny swirl-cap of matching taffeta and tulle ribbon completed her ensemble, and she carried a colonial bouquet of roses, gladioli and carnations.

Mr. Ron Stephen was the groom's best man, and ushering the guests

## Mountain View Council Files Application For P. F. Grant

The regular meeting of the Council of the Municipal District of Mountain View No. 49 was held in Didsbury on Thursday, September 9, and a communication from the Prairie Farmers' Assistance branch requested Council to file recommendations, if any, for assistance this year.

Due to hail in the Crossfield area Council recommended for assistance the following areas: Twp. 28, Rge. 29, W4th; Twp. 28, Rge. 28, W4th; Twp. 29, Rge. 28, W4th.

For the same reason northwest of Olds it was recommended that Twp. 3, Rge. 2, W4th, and Twp. 33, Rge. 3, W4th, be inspected to ascertain if these areas would qualify for P.F.A. assistance this year.

To qualify for P.F.A. assistance the average yield of wheat in any Township must drop below 8 bushels per acre.

A communication from the Department of Public Works advised that a \$5,000 one hundred percent grant had been allocated for the Carstairs East road and a \$400 one-third grant for the Hamman road.

Two old age pension applications were approved by Council, and the Department advised that two old age pension applications had been granted.

Third reading was given to a by-law authorizing the sale of the 5% of 30-31-4-5, pursuant to the Tax Recovery Act.

A communication from the Rosebud Health Unit requested that some improvements be made at the Cre-

mona misaine grounds.

A petition was received, asking that a bridge be put in between sections 28 and 29, 29-3-5, south of Garfield.

Another petition was received, asking for grade widening and road improvements done west of Cremona.

A communication from the District Engineer asked for a list of bridge requirements for next year, and the secretary was instructed to request 16 bridges which require replacing.

Council discussed the holding of a tax sale and a resolution was passed instructing the secretary to proceed with the sale on or about December 13.

Approval was given for the granting of a license to H.H. Morton of Olds to establish a repair shop and service station on the S.E. of section 2-33-2-5, about 3 miles west of Olds.

The necessary by-law was passed to acquire a snow plow, if available, to H. of the motor graders.

A committee comprising Councilors Nidrie, Fox, Roeder and Dodd was appointed to inspect a piece of road washed out by spring floods on the Red Deer river, and to determine an alternate road.

Reports to the Council indicated that 31 miles of graveling had been done so far this year in the southern part of the Municipality and that at the present time gravel crews are working out of the Olds gravel pit.

## Showers Held For Miss Grace Gole, September Bride

Complimenting Miss Grace Gole, a popular September bride, the staff of Ingram & Bell, Calgary, presented her with several pieces of kitchenware at an afternoon farewell on Friday, August 27.

On the evening of Aug. 27 Mrs. Ken White of Calgary entertained in her home when a number of ladies from Macleod, Fort No. 10 Lodge presented Grace with a tastefully decorated box of beautiful and useful gifts.

On Wednesday, September 1, in Didsbury the Misses Jean Fleury, Therese Hovis and Oleya Dugent were hostesses to the bride-elect at a miscellaneous shower held at the home of Miss Fleury on September 2. Miss Gole was presented with beautiful linen sheets by the ladies of Evangelical church.

Grace appreciates very much the kindness and thoughtfulness of her many friends.

### Notes From West

Miss Lesley Sutherland returned to her home in Innisfail on Saturday after spending two weeks visiting at the home of her brother, Mr. and Mrs. H. Sutherland.

Mr. and Mrs. A.A. Hoag visited the latter's parents, Mr. and Mrs. C. Wilson, west of Cremona on Sunday.

Mr. and Mrs. Vic Snyder were Sunday guests at the home of Mrs. M. Campbell Jr.

Mrs. K. Korschuh spent the week end with her daughters in Carstairs. Mrs. MacGregor of Calgary, formerly of this district, spent a week with Mrs. Gillies recently and called on Mrs. Blain Sr and Mrs. M. Campbell Sr, while here.

The end of the week should see many of the farmers through cutting.

The Elkhon Willing Workers met Thursday last at the home of Mrs. Arnold Hoag with ten members present. It was planned to hold a sale of work and a program some time in November so that the members could assist the teacher in the expense of the Christmas treats for the local children. Each member is to make a flour sack article for this purpose and it is hoped to have a quilt ready to dispose of by that time. Also to have a ten-cent grab box for the children and a 25-cent box for adults. The next meeting will be held Thursday, October 14, at the home of Mrs. M. Campbell Jr. Members are asked to bring their own flour sack article to work on. The meeting then adjourned and lunch was served by the hostess.

### WESTERDALE NEWS

Four stitches were required to close a deep gash on Mr. R. Jackson's right hand, injured while operating his binder Monday last.

Mr. and Mrs. T. Collinge and son, Jim, of Aene, were Sunday visitors at the home of Mr. and Mrs. B. Kershaw. Mrs. Kershaw returned to the Kershaw home with the Collinges after spending the past few weeks visiting with her daughter, Mrs. T. Collinge.

Little Larry Bolton celebrated his sixth birthday on Monday afternoon, with all the school children and the teacher being invited to his birthday party.

Mr. and Mrs. B. Jackson and family went on a motor trip on Sunday, travelling through Sundre, Caroline Rocky Mountain House, Sylvan Lake and Red Deer. They reported having a pleasant trip, with roads in very good shape.

Mrs. A. Kock of Trochu spent last week at the home of her sister, Mrs. A. Jones.

## WEDDINGS

McBAIN—UMBACH

A quiet wedding took place at the home of Rev. and Mrs. Rex Brown in Calgary on Saturday, September 1, at 6:30 p.m., when Elizabeth Laurel Umbach of Cremona became the bride of Malcolm Eric McBain, also of Cremona.

The bride's sister, Clea Umbach, was bridesmaid and George McBain, brother of the groom, acted as best man.

A reception for the immediate members of the family was held in the Empress Grill. Mr. B.J. McBain proposed the bridal toast.

The newlyweds are spending their honeymoon at Banff and Jasper before taking up residence in the Cremona district.

### Local R. C. M. P Issues Warning Regarding Use Of Repeating Rifles

Canadian sportsmen, used to the idea of a five-shot repeating shotgun were warned that this year they would have to cut down to three shells in such guns.

Warning has been issued locally by the R.C.M. Police that if a gun is checked and found not permanently fixed to hold only the three shells, the gun may be confiscated. Sportsmen must play their repeaters to the limit of the three shells.

R.C.M. Police information advises that permission for shooting ducks molesting grain can be obtained by farmers before the official opening of the season. Any further inquiry in this regard should be directed to the R.C.M.P.

### ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. Glenn M. Durant announce the engagement of their third daughter, Donna Marie, to Mr. Gordon M. Grant, son of Mr. and Mrs. George A. Grant, 3528 W 27th Ave., Vancouver, B.C. The wedding will take place September 25th at St. Philip's Anglican Church, with Rev. H.J. Greig officiating.

**Former Local Girl Becomes  
Dominion Champion**

Remarkable is about the only word that fittingly describes the athletic accomplishment of Miss Joyce Brennan, who was born in Didsbury, at the Olympic trials and Dominion championship track and field meet held in Montreal recently. Competing against more experienced discus throwers from all across Canada, including such well-known personalities as Rhoda Wurtele of Montreal, and Nora Young of Toronto, the young lady wearing the

Hamilton Olympic Club uniform won the event, and with it Dominion honors, with a throw of 100 feet and five inches. Later, in true Olympic fashion, she took the salute on the winner's platform to the cheers of the large crowd in Molson Stadium.

Joyce's victory was remarkable in that it came less than a month after the 17-year-old sun-tanned brunette applied for membership in the H.O.C. and made known her desire to participate in field events—the javelin, discus shot and baseball throws. Right from the start she became adept at them and improved at such a rate that in her first competition performance she placed second in three events and third in another. Eighty feet was her mark for the discus throw at that time.

It would not be too surprising in the future to find present marks topping and the name Joyce Brennan written down as the record holder. It is also not too hard to foresee that this same girl, if she remains in the sport, will wear Canada's emblem in the 1952 Olympic Games and perhaps win. The future appears exceptionally bright for Joyce in the realm of sports.

Joyce, who is better known as "Jo," was born in Didsbury, Alberta, but has been a resident of Hamilton for eight years. She has attended many schools, including the Prince of Wales, Stinson and Tweedsmuir, and is anxiously awaiting results of the Central College's fourth-form examination papers. She loves farming and in the past years has happily worked as a farmette in neighboring Farm Service Force Camps. Her parents are Mr. and Mrs. Harold Brennan, of 179 Grant Avenue, and she has three sisters, Lois, Eleanor and Lorraine. — Hamilton (Ont.) News.

**QUALITY BEEF A  
PROFITABLE CROP**

Vernon Frost, U.S. oilman, plunged mightily into the ranching business. In 1915 he bought Pecan Acres, an old 771-acre cotton farm near Houston, and set out to build "the finest ranch possible." In a year and a half he spent \$500,000 on purebred Brahman, fireproof barns and elaborate equipment.

Many of Frost's friends thought he was crazy to spend so much on something they said couldn't pay off. He is, however, doing very well in his effort to prove that "the most profitable crop today is quality beef." With the help of a soil-conservation expert he has restored the fertility of his land and now runs one cow to an acre and a half the year round, while most Texan ranchers usually figure ten to 30 acres per animal. This year he hopes to net \$60,000 from the sale of his Brahman.

The wealthy rancher has an easy regard for money as a medium of exchange. Last January, 300 cattlemen gathered for the annual Colorado Hereford Association dinner. Jack Benny came to auction off 45 tickets to a Denver broadcast of his show for the March of Dimes Infantile Paralysis Campaign. The first three tickets went in a block for \$1350. The next one brought \$550 from cattleman Dan Thornton, who last spring auctioned off \$1,000,000 worth of cattle. Thornton gave his check to Benny and returned the ticket, which then went for \$1175. In the end Benny collected \$13,700. Overwhelmed by such generosity, he offered to play his violin for the cattlemen. Their answer was to contribute \$700 more in return for Benny's promise not to play.

As many people have remarked, the U.S.A. is the damndest place. —Fortune

**Letter To The Editor**

Dear Editor,

It has come to the attention of the Board of Management of the Didsbury Memorial Community Center that some person or persons are spreading the rumor that the Board is refusing to let the Didsbury Curling Club build a new curling rink on the grounds of the Center. This is obviously a false rumor as it is not the desire of the Board to complete all the projects of the Center as soon as possible.

The truth of the matter is that the Board has passed a ruling that all public buildings built on the Center must obtain approval of a registered architect not only to protect the public using those buildings but to protect the capital already expended. It would appear obvious that in case of defect found in any building, the Board must have recourse to passing the responsibility to someone who is protected by law, particularly since the Board is spending public money.

It is the carefully considered opinion of the Board of Management that such a ruling strictly adhered to is of prime necessity in obtaining a well-planned and safe Community Center—one of which the citizens of Town and District may well be proud.

Yours truly,  
Board of Management,

# 3 ways TO A SMOOTH RUNNING FARM

Your separator, running at extremely high speed, needs a special oil to maintain steady lubrication and prevent wear and the resulting bowl vibration. Imperial Cream Separator Oil is scientifically made to protect the close-fitting bearings of your separator in summer heat and especially in winter cold when ordinary oils tend to congeal.

Imperial Penetrating Oil is especially useful in overhaul jobs for loosening rusty nuts and bolts. It is also valuable for curing squeaks and stiffness in automobile, wagon and carriage springs. It works its way between tightly fitting metal surfaces, dissolves gummy substances and gives real lubrication.

Powdered mica is one of the ingredients in this high quality axle grease that provides smooth operation for wagons, spreaders, hayloaders, etc. A thin film is effective and long lasting — lubricating even when the spindle appears dry. When you buy axle grease be sure it's "Mica".

These and numerous other Imperial products needed on the farm are available from your Imperial Oil dealer or agent.

## Insurance Fund Now Half Billion

Payment of unemployment insurance could continue at its present level for at least two years of a stiff depression a government official said recently.

Disclosing the insurance fund is at close to \$500,000,000, Col. J. A. Bisson, head of the Unemployment Insurance Commission, said the back-log is large enough to weather a period of low employment.

If 20 percent of those employable were to be thrown out of work, Col. Bisson declared, unemployment insurance payments could go on for "between two and three years." At the height of the depression after the First World War, the corresponding unemployment figure was 23 percent. However, Col. Bisson said that if a period of unemployment persisted for a long time he imagined the unemployment insurance scheme would need further government assistance to keep going.

At present, it is financed by employee-employer contributions, with the government contributing one-fifth of the total of that intake. Also, the Dominion bears the administration costs, amounting to about \$17,000,000 a year.

In almost exactly seven years' operation up to last July 31, total revenue under the plan has been \$604,395,000 and benefit payments \$131,221,000. This has left a balance of \$473,174,000.

At its last session, Parliament amended the Insurance Act to provide for larger benefit payments and correspondingly heavier contributions.

Col. Bisson said this would increase the outgo by about four percent per year, though the intake almost might be increased enough so that this drain would be fully counter-balanced.

About 3,000,000 of the 5,000,000 persons in Canada's working force now are covered by the scheme.

## NEW ISSUE SAVINGS BONDS ON SALE OCTOBER 12

Finance Minister Abbott announced last week that the third series of Canada Savings Bonds will go on sale October 12.

The issue will be dated Nov. 1, and will bear interest at the rate of 2 3/4 percent a year for ten years. They may be redeemed at any time at any bank in Canada for full face value plus interest.

Mr. Abbott said it is estimated the national sales force will include some 8,000 representatives of more than 300 investment firms. The bonds also will be available through more than 3,000 branch banks and other savings institutions.

Some 12,000 payroll establishments will be provided with information and material to promote the payroll savings plan.

## THE BIG TOWN

Mayor William O'Dwyer of New York City governs more people (8,000,000) than live in many a sovereign nation. New York has more Irish (500,000) than Dublin, more Jews (2,000,000) than Palestine, almost as many Italians (1,095,000) as Rome. It has 412,000 Poles, 57,000 Czechs, 54,000 Norwegians, 33,000 Greeks. Half a million Negroes are jammed into New York alongside almost a quarter-million Puerto Ricans. Mayor O'Dwyer is also the commander of a sizable army—10,000 policemen, 11,000 firemen, 120,000 other municipal employees.

In a single day New York City uses over one billion gallons of water, imports 23,500 tons of food, spews out one billion gallons of sewage and over 6,000 tons of garbage. In winter it needs 20 million gallons of fuel oil. Six million people travel daily on its 375 miles of subway and elevated lines, one and a half million on its surface transport lines. Some 400,000 commuters stream into Manhattan daily from the suburbs of Long Island, New Jersey, Westchester County and Connecticut—a train arrives in its stations every 50 seconds, day and night.

## CANADIAN LUMBER EXPORTS INCREASE IN VALUE

Canadian lumber exports during the first six months of 1948, valued at over \$94,000,000, were three trillion dollars higher than in the corresponding period last year. Owing to economic conditions, several of Canada's traditional markets for lumber have purchased less than in 1947, but this slack has been absorbed by the increase in exports to the United States this year.

Movement of over 4,000,000 bushels of wheat over the Hudson's Bay route this year is now assured, said L. P. McIntosh. Last year 4,975,753 bushels passed through the post.

For every 100 people in Canada there are 75 cattle and calves, 21 sheep and lambs and 42 hogs on Canadian farms. In the United States there are only 54 cattle and calves, 24 sheep and lambs and 38 hogs for every 100 people.

## It's a private matter

Your bank is there to serve you in a personal, private way.

When you make a deposit your passbook is closed to anyone but you and your bank. When you arrange a loan, that is strictly between you and your bank.

When you discuss private financial matters with your bank manager, you know they will stay private.

Such privacy is the very essence of Canadian banking. It permits you to deal with your bank and to use its many services on a basis of complete confidence and trust.

**SOURDOUGHS SADDENED  
SAYS "BARD OF YUKON"**

Robert W. Service, 71-year-old "Bard of the Yukon," doesn't think there'll ever be another get-together of the sourdoughs of '98—they're getting too old.

The creator of "Dangerous Dan McGrew," who wrote most of his famed Yukon gold-rush lines in a log cabin in Dawson City in 1898, and who now lives in a luxury villa in Monte Carlo, arrived in Liverpool this week aboard the Empress of Canada from the sourdoughs' convention in Vancouver.

He said he travelled 6,000 miles to the old timers' convention because he "didn't want to let the boys down." But the convention had left him sad because there aren't many of the old-timers left now. "Many have turned 90 years of age," he said, "and I doubt if there will ever be another real convention of veterans of the Trail of '98."
